

STATE PROCUREMENT OFFICE

SPO PRICE LIST NO. 97-41 (Oahu only)  
Replaces SPO Price List No. PL 97-07

LUMBER AND LUMBER PRODUCTS  
April 1, 1997 through September 30, 1997  
(IFB-97-149-O)

**ORDERS** for lumber and lumber products listed may be placed with the following vendors. Agencies are instructed to obtain the appropriate VENDOR CODES from the "Alphabetical Vendor Edit Table Report" and annotate the vendor codes on the purchase orders.

<u>Vendor</u>	<u>Address</u>	<u>Telephone</u>	<u>Facsimile</u>
Hardwoods Inc.	91-277 Kalaeloa Blvd., E-1 Kapolei, HI 96707	682-0845	682-3745
	Contact Person: Mike Henneman Andy Barbour		
Honsador Lumber Corporation	91-151 Malakole Rd. Kapolei, HI 96707	682-2011	682-5252
	Contact Person: Gary Kamakura		

**UNIT PRICES** include delivery to destination and all other costs, except the Hawaii General Excise Tax, currently (4%). Agencies are advised to add the 4% tax to their purchase order total.

**ADDITIONAL CHARGES** will be paid by the State for Hi-Bor osmose wood preservation treatment and tribucide II pressure or dipped treatment as listed on page 6.

**PURCHASE ORDERS** must be received by vendor no later than the vendor's close of business on September 30, 1997. It is the responsibility of the State agency to insure that the purchase order is sent to the vendor on a timely basis. Vendor is not obliged to accept any order received after September 30, 1997. A purchase order sent close to the price list expiration date risks the chance of being sent back to the agency by the vendor with order unfilled if received after close of business on the final day.

Purchases from this price list are for supplies needed by the agency during the price list period. Do not issue purchase orders specifying delivery after the price list expiration date. (This excludes those orders received by the vendor towards the end of the price list period for which delivery may extend beyond the price list expiration date.)

**LENGTHS AS REQUIRED.** The exact lengths desired for items listed under Douglas fir, Redwood, moulding, insulating board, Philippine Mahogany hardwood and Ponderosa Pine shall be determined by the using agencies at the time of ordering.

Lengths of 8' to 16' shall be considered normally stocking lengths for all of the above items; however, because the vendor must purchase lumber in random lengths from the mills, the exact number of pieces in the lengths requested by the agencies may not always be available. Lengths of 18' to 20' shall be provided as available, if requested by the various agencies.

If an order cannot be filled exactly as requested for lengths of 8' to 16', and/or if lengths of 18' to 20' are not available, the vendor shall work with the ordering agency to determine the best alternative lengths to meet their needs for the specific application/project.

**DELIVERY** for orders totaling \$100.00 or more shall be made to the ordering agencies within seven (7) working days after receipt of order by the vendor. Delivery for lumber that requires any of the types of wood preservation treatments shall have a delivery time of four (4) weeks. Contractor shall unload lumber at the delivery point designated on the purchase order and stack in accessible racks if requested by users.

The vendor shall notify the ordering agency of any items that cannot be delivered according to the schedule and must inform the agency of an anticipated date when the balance of the order can be completed. It shall be the option of ordering agency whether to accept partial shipment of an order or to delay delivery until a complete shipment of all items (backorders) can be made.

Within seven (7) working days, lumber and lumber products ordered on purchase orders totaling less than \$100.00 shall be made available to the using agency on a "will call" basis, and delivery shall be made only at the option of the vendor according to his delivery schedule.

**VENDOR** is obliged to deliver products listed on this price list. If vendor is unable to deliver products due to inability to obtain the product from its source of supply, the vendor shall work with the ordering agency to determine whether an alternative product can meet the needs of the agency's specific application/project. The vendor shall provide the alternative product, if acceptable to the agency, at the prices listed.

**INFORMATION** to be included on the purchase order:

1. SPO Price List No. 97-41
2. Price list item number, including description and quantity in board feet\*, lineal feet, square feet, number of pieces, as appropriate.
3. Delivery instruction. (Vendor will unload lumber at delivery site and stack in racks if required by agency.)
4. Name and telephone number of requisitioner.
5. Vendor Code.

\*1" lumber and moulding are normally measured in lineal feet. Other boards are measured in board feet. The rule to calculate board feet is: Multiply the thickness in inches by the width in inches by the length in feet divided by 12. Thus, a piece of lumber 2" x 4" x 12' would be calculated 2" x 4" x 12' - 12 = 8 board feet.

**QUALITY.** Substitution of inferior grade lumber for lumber ordered is not acceptable. Unusable and unacceptable products delivered will be replaced by the vendor with acceptable products within five (5) working days after notice by the user.

**COMMITMENT TO PURCHASE.** Pursuant to 3-121-6, Hawaii Administrative Rules, it is mandatory that all agencies of the Executive Branch purchase form price lists issued by the State Procurement Office. Further, the chief procurement officers for the Judiciary, the Department of Education, and the University of Hawaii agree and commit to the terms of this price list.

**EXCEPTION TO PRICE LIST.** When quality level or product design is not suited to an agency's purposes, exception may be granted to the agency by the Chief Procurement Officer of the State Procurement Office. To obtain an exception to purchase outside of the price list, agency must submit SPO Form 5, Request for Authorization to Purchase Outside of State Procurement Office Price List, justifying the exception.

**VENDOR EVALUATION** form should be used to report complaints or commendations; a form is attached for your convenience. Agencies are encouraged to use the form whenever appropriate. Completed form(s) may be mailed or faxed to the State Procurement Office, Attn: C. Yamashita, FAX No. 586-0570.
